BOOK OF DRAWINGS

BY
FRED RICHARDSON

Being a Selection of Those Done for the Chicago Daily News

*Permission to exhibit these drawings is due to
the courtesy of Mr. Victor F. Lawson, of
the Chicago Daily News.*

These drawings, with the exception of a few
that have been loaned by the owners, are
for sale.

For prices, inquire at desk.

THIS book contains in reduced size a number of pictures reproduced from the original drawings. It includes many drawings in this exhibition, and others that have appeared in the Saturday issue of the *Chicago Daily News*.

It is the first time an effort has been made to collect and present in book form the series of cartoons, posters, and other drawings which has made the *Saturday Daily News* an example of the artistic possibilities of newspaper illustration.

In detail of engraving, printing, and book-maker's art, the book has attempted an excellence that was warranted by the demand for these drawings in convenient form.

For sale here and elsewhere at \$2.00.
